

ShoreSite Web Designs is a leading web design, development, and management company providing high-end custom websites to businesses across a wide range of industries and practices. With a talented team of Social Media marketers, Search Engine Optimization Specialists, Writers, Developers, and Designers, we offer a full-suite, large-scale experience to our clients that is unlike anything else at the Jersey Shore.

We are looking for a **Software Engineer** to join our small Web Development team on a project-to-project basis, with opportunity for full time growth. You'll work with our Lead Front-End Designer and Lead Back-End Developer to create *high-quality* custom websites in a variety of environments that will test both your creativity and your technical skills. This position is entirely remote.

Must Be Proficient In:

- S3
- Amazon AWS
- Mobile Application Development
- Code Commit
- Cloudfront
- Code build Pipeline
- Lambda
- Dynamo DB
- Route 53
- Cloudsearch and Elastisearch
- Node JS
- Angular 2
- Bootstrap with Angular 2
- Serverless Framework
- Cloud Formation
- API Gateway
- PHP
- HTML5
- CSS3
- Bootstrap
- JQuery
- JSON
- TSQL
- SQL Server

- Experience in formal agile development environment working with tools like GIT and Amazon AWS
- Experience using a versioned code repository including SVN, TFS, CVS
- Excellent analytical and problem solving skills required
- Experience building Single Page Applications (SPAs)

Additional Skills Desired:

You will be required on some client calls, both for startup meetings and to occasionally give progress updates plus answer any questions. We are committed to giving clients a flawless web design and development experience, and you should be too. You are:

- Highly motivated
- Able to meet deadlines
- Able to handle feedback/criticism from clients
- Adaptable to changing project requirements
- A problem solver
- Eager to learn new software and technologies
- A team player
- A multitasker
- Organized and attentive to detail

If this sounds like a position you're interested in, please submit your resume today along with a cover letter and 3 professional references to info@shoresitedesigns.com. We're looking forward to growing our business with you!
